

December 4, 2025

To: CREPC-TC Ad Hoc Committee Members

**Re: Response of the Letter, dated August 5, 2025, from the Relevant State Entities
Regarding NorthernGrid's Proposed Cost Allocation Methodology for FERC Order
No. 1920**

Committee Members:

Thank you for your August 5, 2025, letter to the NorthernGrid FERC – Jurisdictional Utilities Enrolled Transmission Owners (ETOs) concerning our proposed FERC Order 1920 cost allocation methodology. The NorthernGrid ETOs appreciate the thoughtful comments and recommendations from the CREPC Order 1920 Ad Hoc Committee representing Relevant State Entities (RSEs). The NorthernGrid ETOs have discussed and evaluated your recommendations. NorthernGrid is willing to consider the use of seven benefits for cost allocation, and we look forward to discussing this with the RSEs throughout the remainder of the state engagement period.

If you have any further questions or would like to provide additional input directly to the NorthernGrid Enrolled Parties, please feel free to contact us at nwpp_northerngrid_staff@westernpowerpool.org, who will coordinate with key personnel at each NorthernGrid Enrolled Party.

Sincerely,

NorthernGrid Enrolled Parties
